**Home:** (Italy)

## ABOUT ME

I've been dealing with technology since a young age, my curiosity for computers developed a strong passion for programming. I've been building personal projects to satisfy my needs since middle school. During the last years I worked with frontend tools for various people and companies. I love mixing technology with arts and music when producing beats or shooting a short film.

## WORK EXPERIENCE

### Backend Developer

*Freestyle In Venice Srl* [ 06/2022 – 09/2022 ]
