ABOUT ME

I've been dealing with technology since a young age, my curiosity for computers developed a strong passion for programming. I've been building personal projects to satisfy my needs since middle school. During the last years I worked with frontend tools for various people and companies. I love mixing technology with arts and music when producing beats or shooting a short film. I currently study computer science at Ca' Foscari University of Venice.

WORK EXPERIENCE

Nerdmap – Venice, Italy

City: Venice | **Country:** Italy

Frontend Developer

[04/09/2024]

- **Personal project** that I'm building
- Code an interactive map using Leaftlet.js and SvelteKit where users can find friends and events

Banango.it – Venice, Italy

City: Venice | **Country:** Italy

Software developer

[07/2024]

My role involved the use of Python data libraries (like panda and bs4) to scrape the web and find local events so that users could see what's going on around them.

M4SS – Reggio Emilia + Remote, Italy

City: Reggio Emilia + Remote | **Country:** Italy

Frontend Developer

[07/2023 – 10/2023]

- Coded IoT frontend tools using JavaScript, TypeScript and SvelteKit
- Integrated APIs based on Rust and PostgreSQL on various frontends
- Designed dashboards and other web apps using Figma

Reply Totem – Remote, Italy

City: Remote | **Country:** Italy

Backend developer

Developed APIs that worked with Telegram and Discord to manage various tournaments for an eSports community using Python

Freestyle In Venice Srl – Venezia, Italy

City: Venezia | **Country:** Italy

Backend Developer

[06/2022 – 09/2022]

Developed a Flask server that interacted with the Telegram API and storing data with MySQL

– Remote, Italy

City: Remote | **Country:** Italy

Freelance Frontend Developer

[02/2022 – 06/2022]

- Created websites from PDF references
- Designed and coded web apps
- Used frameworks like Next.js, SvelteKit and Astro
- Designed using Adobe products and Figma
